SUGGESTED METHODS OF INSTALLATION

Ceiling Mount Without Hangers
Screen case is placed flush with the wall and ceiling and held in position by moulding securely attached to the wall

Recessed Above Ceiling
Other methods of installation will suggest themselves in new buildings where it would be an easy matter to provide a recess for the screen to conceal it when not in use. **Do not seal in — allow access.**

Wall Or Ceiling Mount With Hangers
Wall type hangers and ceiling type hangers are standard equipment. One set is supplied with each screen. Useful for recessed installations
